

Partnering with Parents Checklist

Project Goal:

- **Individual Grantees:** Identify five students with asthma, arrange a meeting with each student's parent or guardian, and assess areas to improve care, coordination and control of the student's asthma
- **Group Grantees:** Identify five students with asthma per nurse, arrange a meeting with each student's parent or guardian, and assess areas to improve care, coordination and control of the student's asthma

Preparation:

- ☐ Download a copy of the "Is the student's asthma under control?" assessment tool from <http://dphhs.mt.gov/asthma>, or request a copy from Matthew Herington
- ☐ Identify from school health history forms five students that have asthma
- ☐ Make appointments to meet with each of the five students and their parent(s)/guardian(s)
- ☐ Complete the assessment tool with the student and his/her parent(s)/guardian(s)

Follow-Up:

- ☐ If the tool suggests the child's asthma is not well-controlled, refer the child and the parent(s)/guardian(s) to a healthcare provider
- ☐ Discuss the findings of the assessment with the student and his or her parent(s)/guardian(s); provide suggestions to improve the student's asthma control and coordination of care in the school setting

Report Results:

- ☐ Complete the outcomes report form and return it to Matthew Herington by December 15, 2010
